

YOUR PROJECT, READY TO BEGIN

Website preparation checklist

Gather these essentials before your deposit. You can ask questions before everything is ready.

☐ **Your business essentials**

Your business name, contact email, service area, and a short explanation of what you do.

☐ **A simple page plan**

Choose up to five standard pages. A common starting point is Home, About, Services, Gallery, and Contact.

☐ **Your words**

Prepare text for each page, service descriptions, and common questions. Copywriting help is a separately quoted extra.

☐ **Your visual materials**

Gather your logo if you have one, brand colors, and photos you have permission to use. Branding help can be quoted separately.

☐ **A domain direction**

Bring a domain you own or a name you would like to register. New domain costs depend on your choice and are additional.

☐ **Your extras and scope**

Tell us about extra pages, booking, an online store, or ongoing updates. Extras are agreed and quoted before deposit.

\$500 standard website build

\$250 deposit | \$250 after completion

Content and scope must be agreed before deposit. The initial standard website is built within 3 days of deposit. Two revision rounds follow the initial build. Domain, hosting, paid tools, and approved add-ons are additional. Domain activation and revisions may take additional time.
